

## Faith Encounter Programme

### Faith Guides In Birmingham

The following places of worship in the city now have trained Faith Guides.

They have all successfully completed the Certificate in Faith Guiding accredited by the Institute of Tourist Guiding, Level 2. The course included knowledge of their own faith and place of worship, tour guiding skills and understanding of people of other faiths.

They will welcome enquiries from groups of all ages and backgrounds, for visits, which can be tailor made to suit the needs of the group.

General enquiries can also be directed to the Co-ordinator of the Faith Encounter Programme, who can advise about suitable places of worship for a particular visit.
